REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: it is deemed novel and unobvious over the prior art of record to so perform a method of forming a molded structure as claimed, wherein the method comprises forming a film by laminating an extruded polycarbonate film to a fluoride polymer under heat and pressure, including cooling the film at a rate effective to have a percent haze of less than 2.5 percent and a birefringence of less than 25 nanometers as set forth in claim 10; including during laminating, surfaces of the polycarbonate film vitrify and an interior portion of the film remains in a thermoplastic or molten state as claimed in claim 1, and further including cooling the film at a rate effective to have a percent haze of less than 2.5 percent and a birefringence of less than 25 nanometers as set forth in claim 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
